

Earthquake Kits

The State of Oregon has mandated that all schools be prepared for an earthquake emergency. In compliance with this mandate Columbia Christian Schools request that all students have their own kits at school.

ITEMS NEEDED IN THE EARTHQUAKE KIT

- 2 small canned drinks or bottles of water
- 1 space blanket
- 1 can of food with pull top lid
- Disposable utensils
- 1 small package of towelettes
- 1 small package of tissue
- Hard candy
- 1 poncho (small inexpensive purse type)

Also: If your child has medication needs, you may want to consider ensuring that the school has medication for a 24-48 hour period.

Please send all items in a gallon sized zip-loc bag clearly marked with your child's name. Include emergency numbers inside the bag.

Elementary students will take their kits to their classroom and the secondary students will take their kits to their first period classroom on "A" days.
