

Christian Caring Hours 2010-2011

Family Name _____

Each family at Columbia Christian Schools is expected to donate 24 service hours to the school by June 30, 2011 (12 service hours for single parent families) or pay \$10 per hour not served. Families may choose to pay the amount instead of participating in service activities for the school.

CCS has various needs throughout the year. You may check with your child's teacher or with the office to determine where you may best be of service.

Please fill out the following information whenever you serve and return it to the office to be counted. Your monthly statement will reflect the hours that have been turned in up to that date. You should also keep your own record of hours served throughout the year.
