The Columbia community held a virtual art show the end of June. We had 33 students participate in this show. They ranged from 6th through 12th grade. We gave our Columbia students, families, and faculty/staff access to their virtual portfolios. They each had 5 votes to give to their favorite artists.

All the submitted artwork was outstanding! We definitely have a gifted group of students. Ms. Yeager has given them a strong foundation. She encourages them to do what they do best and gives them the tools they can grow and mature in the art genre and mediums they love.

Congrats to the winners and thanks to everyone who participated!
