EARLY CHILDHOOD PROGRAM PHILOSOPHY

Columbia Christian School embraces the philosophy that young children learn best through intentional hands-on experiences. The early childhood program is designed to provide a safe and nurturing environment allowing children to gain an appreciation of their world and others around them through guided discovery as well as large

and small group interactions. These experiences will provide developmentally appropriate activities where the child is an active participant in the learning process.

PLEASE NOTE

Under our license, we have a limited number of spots to offer for extended care before and after school. Please follow the sign-up procedures to reserve your child's spot each day.

We follow the school calendar for program holidays and breaks. We observe days off for teacher in-service.

We may offer care on half-days or on no-school days depending on enrollment and staffing availability. Information is available in the Extended Care Lobby.

EXTENDED CARE PROGRAM PHILOSOPHY

Our Extended Care Program is child centered. We offer a safe, familiar, and caring environment during the hours before and after school. Our teachers offer nurturing guidance that fosters and supports independence, cooperation, & problem solving.

Within our flexibly structured program, your child will experience inquiry based projects, recreational and enrichment activities, free time, and special activities such as science, sports, and art. Field trips may be offered during Day Camp weeks.

Columbia Christian School does not discriminate in its educational programs or activities on the basis of gender, race, color, national or ethnic origin.
